Professional Summary

I am an Information Technology graduate with hands-on experience in academic and personal projects. Looking for an internship opportunity to enhance my technical skills and contribute to real-world projects.

Education

Master of Science in Information Technology (Pursuing)

K.S. School of Business Management | 2025 – Present

Bachelor of Science in Information Technology

K.S. School of Business Management | 2022 – 2025 | CGPA: 4.0/5.0

Higher Secondary Education (Commerce Stream)

GSHSEB | 2022 | Percentage: 85.40%

Skills

Programming Languages: C, C++, Java, Python, C#, JavaScript

Web Development: HTML, CSS, Node.js, Angular, Tailwind CSS

Databases: MongoDB, SQL

Machine Learning & AI: Machine Learning, Data Preprocessing, OpenCV, Computer Vision, NLP, API Integration

Tools & Platforms :Microsoft Excel, Word, PowerPoint, Visual Studio Code, GitHub, Jupyter Notebook

Soft Skills: Communication, Teamwork, Fast Learner

Project

CustomArtistry

- Developed a full-stack web platform connecting artists with customers for customized artwork orders.
- Implemented user authentication, image uploads, order management, and dynamic pricing features.
- Technologies: HTML, CSS, JavaScript, Node.js, MongoDB.

Smart Traffic Signal Optimization System

- Developed an intelligent traffic management system to optimize signal timing based on vehicle density.
- Utilized OpenCV and image processing techniques for vehicle detection and traffic analysis.
- Technologies: Python, OpenCV, Machine Learning, Fuzzy Logic.

Mood Room

- Developed an emotion-aware application using custom machine learning models to detect user emotions and provide personalized suggestions.
- Integrated AI chatbot functionality, mood-based interactions, and interactive mini-games to enhance user engagement.
- Technologies: Python, Machine Learning, NLP, Speech Recognition, API Integration.

Certificates

Introduction to SQL - Sololearn

Python Bootcamp – Let's Upgrade

AI Fundamentals – Microsoft

Machine learning - Internshala
